

The Wu-Tang / googolplex Show (Congress)

Every season is probably Wu-Tang -season. Seriously, fall, winter, spring, summer all f***ing make sense. Research will bring us to this surmise, but we need lots of authority, infinite authority... so, as the Wu-Tang Clan seems to respire as vast entity (however nuclear and clandestine they keep it), so we bring in googolplex –that winsome alpha-omega number– as the No-Duh ambassador to the Wu Nebula.

Preliminary data suggests:

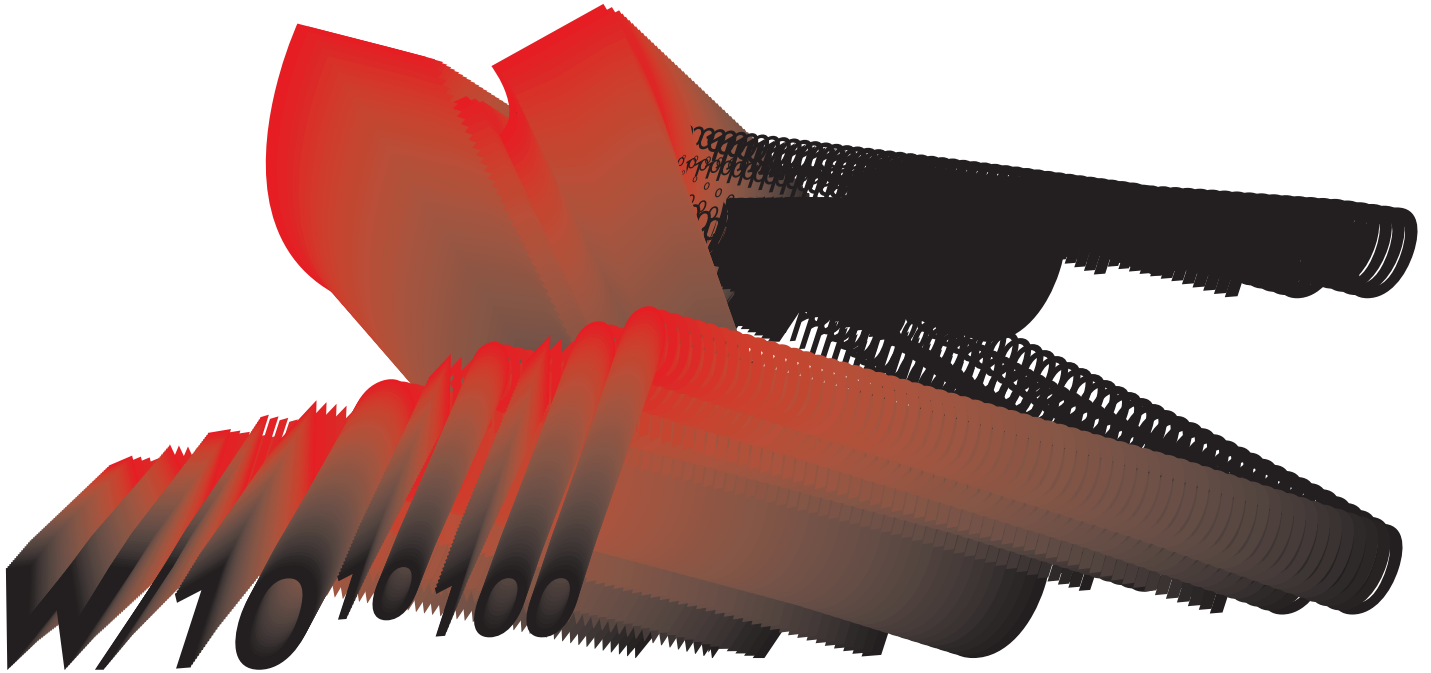

phonetic twain
aleatory pudge / aleatory trophy
connotation-congruous
plain obtuse
Mr(s). Whatevs

But that's not really it, is it? The Wu-Tang Clan is metaphysical prowess. Beautiful ludicrous [plainly, Ludifull] googolplex is like the dental floss strand that just won't end. Here we got ourselves some bigtime religion. Let's bake a bangin' cake. Who's making the frosting? Wu, goo? Great.

Join us there: googols of artists, shit-tons of –plex.

Sept. 25 through Oct. 13
Opening, Tues. Sept. 25 6-9
